My dear Margaret

Don't think I thanked you for watching the family interests regarding Cossack Land & the Radium Claim, this latter is possibly only a wild cat.

However the Rates are paid in full up to 30<sup>th</sup> June next.

The four blocks consist of the old home block, the tennis court block near Nanny Goat Hill, the block next to our old home block where Mrs Paterson lived & after her decease where [?Lee] [?Sing] had his store & the fourth block known as Bryant's is on the W side of the back street & opposite where the White Horse Hotel stood.

Ernest bought the [?Lee] [?Sing] block from Fulson who probably hadn't the Title Deed as it had passed through five [?owners] I think.

The other three Title Deeds should be in the safe.

All the old Titles granted the owner rights to the centre of the earth, now titles only grant you 30 ft below the surface.

24<sup>th</sup> Thanks for Laundry parcel received yesterday, also for yours of the 18<sup>th</sup> with news of Ernest.

I will ring [?EA ?8A] again presently.

Did you receive & post the Calendar to At Joy & will you please send me the new Gilmore a/d.

Pat no doubt is now a good one to ask as to when the English mail comes in, affectionate greetings to her. Young Walsh the Jackeroo here knows to the minute when pay day is. Just now he was trumpeting about the heavy job he was doing, I replied "It must give you a feeling of satisfaction when on odd occasion you happen to earn your pay day".

Love

Dad

Also rec<sup>d</sup> yesterday from Con, Joan's letter of the 16<sup>th</sup>.

Note by HMW: "I thought I had sent you this. Perhaps I did & you rtd it! If not you had better keep it as a record of Cossack land".
